Heretofore these exhibitions have been free. This time a small fee will be charged. Proceeds will go toward buying the medals. Last year the medals were made up by contribution.

## Remains Found.

About two months ago Butler East, son of W. C. East, near Union City, wandered away from home. On Thursday his remains were found in Kentucky River, just below Ford on the Clark side. They were buried near Union City.

## A Worker.

The CLIMAX is informed that a lady who resides near here has made and placed in and around flower beds 1124 small stakes to protect the flowers from the chickens. She also has swinging buckets and elevated boxes with flowers.

## Sunday Morning Wedding.

Squire Armer was called upon very early Sunday morning to settle the future happiness of Mr. W. T. Bailey and Miss Minnie Woodall, who arrived on the four o'clock train from Corbin. It looked a little like a runaway. They went from here to Jackson on the two o'clock train to the home of the groom.

## Married at Lexington.

Mr. Al Willis Shearer and Miss Ida Lambert, both of Lexington, were married in that city on last Wednesday, May 6th. The groom is clerk at the Ashland House, is a son of Sam Shearer, of Shearers Station, this county, and named for his uncle Al Willis of Red House.

## Co-operation Meeting.

This organization, embracing Madison, Estill and Jackson counties, will hold its annual meeting with Bear Wallow church, near Speedwell, in this county, on Friday and Saturday before the fourth Sunday in May, or May 22 and 23. All churches belonging to the co-operation are requested to report. Dinner on the grounds. Every body invited.

## Big Farm Misplaced.

John R. Gibson, this place, owns a three thousand acre tract of land in Texas, but he does not know in what county. His father, the late William Gibson, had the farm in Texas. The deed has been lost. Texas is a thousand miles wide, and a little lot like a 3,000-acre farm would be hard to find.

## A Faithful Dog.

Two years ago the workmen quit the Government building in Richmond. They left a dog there and he has faithfully kept watch ever since. The workmen will return in a few days and the owner of the dog should come back just to see how well his dog has performed his duties. The dog made friends with the neighbors and seems to board around among them.

## It's So.

The CLIMAX told it to you last week, and now it will prove it—the Nicholasville Journal says:

"E. G. Parrish, the bright young Richmond attorney, who carried off the oratorical honors at the Republican district convention here recently, has accepted an invitation from Miller Post, No. 142, G. A. R., Nicholasville, to deliver the address at Camp Nelson, Decoration Day."

## Contract Let.

A special telegram from London, Ky., to the Lexington Leader, May 9, says that the contract for the main building of Sue Bennett Memorial School, to be erected the present season at that place, was awarded to Clark & Howard, contractors of Lexington, for \$12,000 over two competitors. The plans were furnished by H. L. Rowe, architect, also of Lexington. The building will be one of the handsomest of this kind in the State.

## Gov. Stone Coming.

A letter from State Chairman H. A. Sommers, of Elizabethtown, to attorney H. O. Brewer, leader of the silver party in this county, announced that Gov. Win. Stone, of Missouri, will speak at the court house in Richmond, on Thursday, May 21st, at 2 o'clock. His subject will be the free and unlimited coinage of silver at the ratio of 16 to 1. It is the intention of the silver party to be here in force on that day and organize to sweep the country from Maine to Texas by way of Virginia and California.

## The Old, Old Story.

At the Second Reformed Church on last Wednesday Mr. Richard M. Dudley, of Richmond, Ky., was married to Miss Fanny Dow Moore, of this place. Miss Moore is the daughter of Mr. H. C. Moore, the well-known railroad man and contractor, and Mr. Dudley is of the firm of Moore, Dudley & Hodge, of 18 Broadway, New York. He is now building a trolley road at Scranton, Pa., in which city he and Mrs. Dudley will reside.—Tarrytown, N. Y. Press Record.

## Visited the Poorhouse.

Fiscal court being in session, the Magistrates went out in a body, one day last week, and inspected the County Poorhouse, which is located at Union City. Keeper Roberts gladly received them and demonstrated to their satisfaction that it is run on correct principles.

There are about twenty-five inmates. One of them, a colored man, who has been there thirty-two years. She occupies a little room to herself and keeps it remarkably clean. If any one thoughtlessly spits on the floor, she immediately wipes it up with her handkerchief and looks as if there would be war should the offense be repeated.

## People I Have Met.

One of the best things ever represented in our city in the form of a lecture was delivered at the court house Monday night by that eloquent and world famous, Prof. A. W. Hawks, of Baltimore, Md. We have heard many humanists in life, listened to their puns, gossamer, watched their change of expressions, saw them bring down the house with laughter, but in all our lecture-going we have never seen any one who seems as high as Prof. Hawks nor so entertaining and absolutely exhilarating.—Longview (Texas) Clarion.

At the Court House Thursday night, May 14, in his famous lecture "People I Have Met,"

## May Festival.

Choice seats for May Festival at Cincinnati, which begins May 9 and closes May 23, can be secured by applying to the agent of the Louisville & Nashville R. R. here. Reduced rates to Cincinnati during Festival at \$4.67, round trip. Telephone No. 78. Communicate with Mr. K. Hood, agent.

## According to Their Own Figures.

The Pantograph is terribly wrought up over the county advertising. The fiscal court asked the three newspapers in Richmond to hand in sealed bids. The Pantograph bid a certain amount per inch, and explained to the court that the price mentioned was equal to \$4.50 for columns the length of the CLIMAX column. The CLIMAX bid \$3.95 a column, and the court awarded the printing to the Pantograph. If the Pantograph cannot figure it, it must take the consequences and not blame anybody but its dear little wootsy tootsy self.

## A Long Story Made Short.

To avoid the usual worry and wear incident to a wedding, Mr. Ansel Daniel Miller and Miss Corinne Gentry, accompanied by Miss Sue Deatherage, quietly drove over to Winchester, Friday night, where Mr. Robert Baldwin was waiting for them. The services of Mr. Christman, of the Presbyterian church, were procured. Mr. Miller and Miss Gentry were duly married. They returned that night, taking everybody, even the bride's parents, Mr. and Mrs. R. L. Gentry, by surprise. The groom was recently a compositor on the CLIMAX, now foreman of the Register office.

## A Wide Range of Trade.

G. W. Pickels shipped a saddle yesterday made in his shop to Judge B. P. White at Manchester. He has from first to last sold a hundred saddles in Clay county. Also shipped to nearly all other counties in Eastern Kentucky, and has a good train in Virginia. In fact he has shipped saddles to nearly every state in the Union. Missouri and Kansas parties have bought hundreds, and so has South Carolina. Mr. Pickels says no State in the Union makes as good saddles as Kentucky, and he could truthfully have added that no house in Kentucky makes a better saddle than Pickels and few as good.

## Serious Fire at Irvine.

At 11 o'clock Sunday night the dwelling house on Main street, in Irvine, occupied by Mr. Lyle and family, but belonging to Judge John C. Chenault, which was discovered on fire. There being no fire protection and water scarce, the fire spread to the residence of Andrew Wallace, father of C. C. Wallace, this place; thence to the residence of Judge W. H. Lilly, brother of attorney Grant Lilly, this place; thence to the residence of John Park, father of the several Park brothers, formerly of this place. It was now evident that the entire block would go if heroic measures were not taken, so the storehouse of Mr. Park, next to his residence, was torn down and the fire thus stopped.

Origin of the fire unknown. Not a dollar of insurance. The four houses were total losses. Much of the contents saved. Loss probably \$10,000. About everything the venerable Mr. Park had was in the two houses and he is now 80 years old.

Banks are so great that insurance can scarcely be obtained at reasonable rates in Irvine.

## Reduction of School Fund.

Recently the CLIMAX mentioned the considerable reduction of the public school fund. Since that, the subjoined statement has been sent out from Frankfort:

The report that local city schools and other of the State may adjourn a month earlier than usual, because there is not money enough to run them, may or may not prove true, but one thing does seem certain, and that is that the school per capita for next year is going to be very much smaller than for several years. The annual census of school children is being taken in all the school districts of the State, and in a number it is already complete. The news from all the census-takers heard from show a decided increase in the number of children in school age. This fact, together with the mistake of the last year, which makes the school fund of the past year considerably short of the amount expected, and the additional fact that the revenue of this year will be short of the usual sum, will make the per capita, as already stated, way below that of previous years. It will necessarily result in a reduction of school expenses in nearly all the districts of the State, unless county and district supplement State fund by the levy of local taxes.

## Emmett League.

A number of Democrats met at the office of H. O. Brewer, in Richmond recently, and organized a Emmett League. A committee of that League met at the same office last Saturday and elected W. B. Smith permanent chairman, Sam Oldham, Dudley Tribble, T. D. Chenault, Vice Presidents.

A committee on resolutions was appointed, consisting of T. D. Chenault, G. W. Evans, William Chenault, Dudley Tribble, W. B. Smith and Robt. Little, with instructions to draft resolutions and report to an adjourned meeting at the court house, on Thursday, May 21st.

At the meeting of the 21st, additional steps will be taken to organize the county convention May 30th appoint free silver delegates to the Lexington State Convention June 3rd, with instructions to aid in selecting free silver delegates to the national convention, and, of course, adopting a free silver plank by the State convention. It is the purpose of the free silver men to instruct for John B. Thompson, of Harrodsburg, for Congress, but the event he should not be a candidate. A. T. Chenault, of this county, will be their choice.

It is the purpose of the free silver men, as expressed to us by the leader, to defeat J. Stone Walker for delegate. But then you all know there is that grievous disappointment, some times, of biting off more than you can chew.

## Colored Public School Exercises.

To-morrow, May 14th, at the school house, to-morrow night at the United Baptist church and Friday night at same place, the closing exercises of the colored public school will take place. To-morrow will be an exhibition of the year's work, under the direction of Principal Reynolds. At night, Principal Garvin of the Winchester colored school will address the graduating class. Friday the commencement exercises will be held, consisting of songs and recitations, orations.

There are six graduates in the high school department—Jarrett A. Harris, David W. Miller, Georgia L. Walker, Olivia L. Turner, Julia M. Chenault and Carrie E. Covington. In the common school department there are nineteen graduates, John A. Hill, Sallie L. White, James Francis, Zedie Gentry, Royal Haynes, J. E. Broadbent, Virgil M. Mackey, James S. Walker, Jia N. Duncan, Scott B. Cobb, Maggie J. Turner, Lucy L. Thompson, Mary E. Moberly, Hayes W. Crutcher, Wyatt Miller, Estella L. Yates, William Black, Junius Miller, and Calvert A. Clay.

Jarret Harris is valedictorian. This school has been under the management of D. W. Miller, charge of the sixth grade; James A. White fifth grade and junior high school; Emmett Embury, fourth grade; Miss Allie Haynes, third grade; Miss Millie Emery, second grade; and Miss Mand Mackey, first grade and primary department.

## Paralyzed the Court.

An old colored man threw a bomb into the fiscal court, last Wednesday, that nearly dispersed it. He presented a petition which county clerk White read as follows:

"To the Honorable Fiscal Court of Madison county: I, your petitioner, respectfully beg of you to stop paying taxes for my residence. First, I have little property. Second, I am an invalid for years. Third, I am a valetudinarian. Respectfully," etc.

Everybody looked at everybody else and nobody said anything. Court proceedings came to a painful standstill. Finally the venerable presiding officer said if the petitioner would stand up and respect to the court he would send him to jail; that the judge of the circuit court at Danville had jailed a person for writing insulting letters to the court, and he would follow the precedent if the justices thought any harm was intended. Squire United States Coyle remarked that if the fellow would stand up and respect to the court he would send him to jail; that the judge of the circuit court at Danville had jailed a person for writing insulting letters to the court, and he would follow the precedent if the justices thought any harm was intended.

At 8 o'clock Saturday morning the clock was set back 22 minutes, and the clock was inaugurated.

Immediately Central University, Caldwell High School, Madison Institute, Myers' and Zaring's mills, ice factory, steam laundry, tobacco factory, post office, internal revenue office, CLIMAX and Register offices, the four national banks, Madison Monumental works, Ky. Carriage Works, Water & Light Co., and a majority of the merchants and other persons adopted standard time.

On Monday morning Major Chris F. Burnam appeared before the Fiscal court and explained the necessity for this action by the county and other public officers of standard time, whereupon the following order was entered of record:

"On motion of Major C. F. Burnam it is ordered that the clock of the court be changed to the time of the clock on the court house from solar or sun time to standard time; and said clock be kept standard time until further order of this court."

## JAIL EMPLOYEES

**All the Prisoners at Vaneburg, Ky., Made Their Escape.**  
VANCEBURG, Ky., May 7.—The Vanceburg jail was empty Wednesday morning, as five prisoners having escaped at 3 a. m.

They were all in one cell, and pried off a square of the iron sheeting, near the flue that penetrates the upper ceiling for the state.

They then set fire to the cross timbers with their quilts, and burned out a hole 14 inches square, through which they reached the attic. They then pried off the board under the eaves and jumped to the ground. They seemed to have taken separate directions.

**Night Watchman Frank Phillips** met one on his beat at the railroad crossing on Market street, and through which the body of the prisoner was seen. The names of the prisoners and their offenses are as follows: J. H. Parr and Thomas Irvin, for burglarizing the Concord store; George W. Smith, and Albert Bivian, for horsestealing; and Adolph Davis, for grand larceny.

The latter's wife is suspected of having furnished the piece of wagon tire and blacksmith's punch, which assisted them to escape.

**ON A STREET CAR.**  
A Sensational Encounter in Which One Person is Killed and Another Badly Injured.

**LOUISVILLE, Ky., May 7.**—A sensational encounter took place on a crowded street car coming in from the races shortly after six o'clock Wednesday evening, by which one person was killed, another badly shot and many had narrow escapes.

Henry Jones, a Negro, was arrested by private policeman Chas. Fales for gambling. Fales handcuffed the Negro to his own wrist and boarded a trolley train of three cars bound in. There were 25 people on the street car. Without warning the Negro drew a revolver and began firing at Fales. Fales foolishly returned the fire, the fusillade creating a panic in the cars which were promptly stopped.

Fales and Jones were removed to the city hospital where the Negro died Wednesday night. Four bullets pierced the dress of Mrs. James J. Camp, wife of the manager of the Grand opera house and one bullet went through the arm of Mr. Camp's hat and tore a hole in the side of the car.
